CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Rashtrapita Mahatma Gandhi Mahavidyalaya khed, is affiliated to Savitribai Phule Pune University (SPPU), Pune. It implements the curriculum designed and prescribed by the University. The college prepares the academic calendar consisting of curricular co-curricular and extracurricular activities for the effective implementation and delivery of curriculum. All the departments develop action plan for the academic year. For the effective implementation of curriculum delivery, the following mechanism is adopted. All Internal Examinations like class exam and mid-term tests are conducted to assess students' knowledge as outlined in the objectives of curriculum. All examinations are conducted as per the Academic Calendar. Tutorials are held regularly to monitor the progress of the students . Remedial coaching classes are conducted for low achievers i.e. Slow learners. Advanced learners are made to solve University Question papers and efforts are made to improve their performance. Record of the regular attendance, mark lists and progress of students are maintained and preserved by respective departments. Departmental Meetings: All the Heads of the departments allot sections of curricula to the concerned teachers. The concerned teachers are well acquainted with the objectives stated in the syllabus. The syllabus is given to the students at the beginning of the academic year. At the same time awareness is created among the students for the availability of syllabus on the college as well as SPPU website. Teachers prepare their individual teaching plan. The time-table committee designs general time-table for arts under the guidance of the Principal. The Heads of the respective departments finalize departmental timetable in consultation with their colleagues.

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

Yes. Students mentoring system is available in the institution. The most of the students seeking admission in our college are from nearby villages so they are rural based and many of them come from very financially weaker section of the society. They require mentoring in every aspect of their study. We have a separate committee named as Parent-Teacher Scheme Committee. Committee allots 30 to 45 students to each faculty members who are supposed to mentor the allotted students and look after the academic as well as overall performance of the students. Students require to fill up the forms manually prepared for the purpose. It provides the basic information of the students to the mentor. Moreover students are required to add his subjects and term-end marks in the same form. Therefore, the mentor can track the performance of the students. In all four meetings are arranged by the mentor of his mentees officially. However, mentees can see his/her mentor as and when required. During the official meetings mentor takes the review of every mentee's performance and gives suggestions and guides. He also solves their problems if any. The mentors share ideas, communicate knowledge to boost up confidence among the students. The mentor mentee relationship develops its own pattern but as a general rule a mentor is asked to spend two or three hours a month with their assignments. The ongoing relationship is nurtured through phone calls and email contacts. The mentors are also taking initiative to contact

the parents to inform them about the academic performance of the students and ask them to attend the parents meeting. Thus, the mentor and mentee relation is offering a guidance and support. It helps to develop a mutual bond. The mentor does the following for his/her mentees: • Arranges meetings twice in a semester • Monitors, counsels, guides and motivates the students continuously. • Advises students regarding choice of electives, projects etc. • Contacts parents/ guardians if situation demands e.g. academic irregularities, negative behavioral changes etc. • Preserves the records of term-end marks of each mentee and discusses with the students about their result for future improvement. • Advises students regarding career development and future study. • Keeps contact with the students even after their completion of the course in the college. • Intimates HOD and Principal and suggests if any administrative action is called for. • Maintains detailed progressive records and keep reports of all discussion with students.

2.5.2 - Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

The college has formed examination committee to supervise and look after the conduction of the examination like Class tests, Term End examination, Midterm tests, tutorials, Class Presentations, open Book tests, Multiple choice question series, quiz, group discussions, research project and Home assignments etc. The college follows evaluation mechanism of Savitribai Phule Pune University Pune(SPPU, Pune). Continuous internal evaluation (CIE) system is a part of the evaluation mechanism. The evaluation pattern is discussed by the respective subject teacher in the class. The major reforms introduced by Savitribai Phule Pune University Pune (SPPU, Pune) include delivery of question papers and entry of internal marks are online. The college has also introduced its own reforms in the evaluation system. The college has appointed the College Examination Officer (CEO) from the teaching faculty to monitor and ensure the University examination related work. The committee guides the academic departments to conduct different types of tests to achieve the outcomes of the

topics and the courses taught and to check the learning levels of the students periodically. The evaluative reports of these tests are discussed in the department and communicated to the Principal. The reform has resulted in increasing the level of acquisition of subject knowledge of the students

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The college follows a well-planned academic calendar and it is published in the college prospectus and displayed on the college website. It gives the general details of the schedule of the continuous internal evaluation mechanism. It also includes the program of academic events like workshops, conferences, visiting faculty lectures, industrial visits etc. The examination section of the college provides details about the pattern of the continuous internal evaluation system. The examinations are conducted according to the time table which is displayed on the board and also inform them in the classroom. The departments conduct all their continuous internal evaluation within this broad framework. The answer papers of the unit tests are evaluated by the concerned teachers and the marks are communicated to the students in the classroom and also displayed on the departmental notice boards. The teacher clarifies the doubts and queries of the students. Evaluated answer papers are given to students with suggestions for their future reference. The students failed in the previous year internal examination, the re-term exam is conducted for them at the end of September. The answer papers of the re-term examination are evaluated by the faculty members within 15 days and the results are communicated to the students. The academic calendar maintains the balance between the academic activities and the examination schedule. Faculty members prepare a lesson plan for theory paper. The lesson plan and implementation details are noted in the lesson notebook by the teacher. This guides the faculty members to stick up to the academic schedule as much as possible Effective monitoring of the lesson plan schedule is taken care by the heads of the departments as well as academic auditors.

5.3.2 – Activity of Student Council & representation of students on academic & administrative bodies/committees of the institution (maximum 500 words)

Students are involved in the decision-making mechanism in various ways: The Students Council is a body that has student representatives from every class. The Principal has meetings with these members at which issues related to teaching-learning, student activities, examinations and hostel and other facilities in the college are discussed. The college has a student council, It is constituted every year as per the provisions made in Maharashtra University Act 1994, section 40(2) (b) (v). The IQAC also has a student representative. Students represent active role in College Development Committee and participate in the planning and development decision process. Students are involved in: • Co-ordination and active participation in various college functions. • Planning and managing academic, cultural and sports activities. • Help in maintaining discipline and healthy atmosphere on the college campus. • Assistance in collection and analysis of feedback. • Special task force in the special drives such as fund raising, disaster management and event management • Involvement in celebration of days and events. Following are some of the important committees/cells/units of the college where students have representation in them, where they play a very vital role in framing the policies. Prevention of Sexual Harassment Committee Anti -Ragging Committee. Student Council , Earn and Learn Scheme Student Welfare Committee, Health Committee, Magazine and Publications Gymkhana Committee, N.S.S and Cultural Activities Library Advisory Committee , Hostel Committee The IQAC has also a student representative. Students are honoured for their performances in these various roles by way of "Best Student of the Year", "Best NSS Volunteer of the Year" and "Best Sportsperson of the Year".

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The management and college follow the policy of decentralization and participative management in day-to day working. The Principal assigns specific duties to various academic and administrative bodies. The head of the department has been given freedom and right to decide on the various activities pertaining to academic and administrative work. The departments put up the proposals regarding their requirements. The students take active part in the governance of the activities on the campus. This results in effective and proper execution of the work and promotes cooperation between management, staff and students. The teaching and non-teaching members are adequately represented in various bodies of the management and on College Development Committee. The participative management is practiced in various planned activities. Important developmental plans are discussed by the Principal along with all the committee members wherein students are also involved. The plans are executed only after reviewing the suggestions. Practice 1: Residential Camp is organized for students of college and IndSerch , Pune's student. The planning of the event was communicated to the higher management. The work was distributed into various committees such as invitation committee, food and accommodation registration committee, lecture arrangement committee , welcome committee, certificate committee, invitation committee, discipline committee, flex and display committee and so on. All the committee chairpersons and members were made to involve in the planning of the camp and everyone had enough freedom in planning committee role. The Principal regularly took feedback of the activities from time to time. Thus the college followed decentralization and participative management very effectively. Practice 2: The college celebrates its Annual Prize Distribution Day in the month of March 2019. The organization of such an event needed careful planning and participation of the staff and students. Hence the Principal, in consultation with the physical director, planned the programme by forming the committees for its smooth conduct. The cultural department students and sports students were made a part of the planning. The work division was done by forming important committees. They were invitation committee, trophy and memento committee, welcome committee, publicity committee, function committee, best teacher and best non-teaching member selection committee, discipline committee and so on. The committee chairpersons and members planned their work on having discussion with the Principal and every committee did its best. Thus decentralization and participative management of responsibilities is done in every part of the college activities. The faculty members were free to take decisions at their end. It was always seen that every member of the college participates in the event. The students were consulted on finalizing the chief guest of the event. The focus is always kept on involving every element of the college in organization of every event.

7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

Environment Awareness Program As per our vision we are trying our best to make the campus as zero carbon emission and zero waste campus. Following are the major highlights of environment friendly practices by the college. 1. Energy -We use electricity for pumping water from the well and lightening in the campus. Solar energy generated by college solar plant is more than energy consumption of the campus. Net meter is installed hence we give surplus energy to MSEB(Maharashtra State Electricity Board) 2. Green Building - Our building fulfills all the norms of green building however green building certification is not obtained because of situation of the college in the rural area. 3. Rain water harvesting 4. Paperless office work 5. Carbon sequestration 6. Waste water management 7. Solid waste management 8. Medicinal plant 9. Authorized third party audit is done 10. Bio-Gio Consultancy - the experts of bio-Gio consultancy have visited the campus on 15 August and 3 rd September, 2021. They have conducted the survey with the help of teacher and non teaching staff of the college. Final report will be submitted at time of SSR. • Awareness campaign We are continuously trying to develop awareness regarding environmental issues both at global and local . The global issues of environment are Climate Change, biodiversity, depletion and Ozone layer holes. The college attempts to internalize these externalities by conducting programmes like - 1. Tree plantation 2. Solar energy installation 3. Awareness is done by conducting lectures by experts. 4. Posters and pamphlets are installed 5. Making soil idol Both college and school going students are actively participated in the campus
